Sponsored meet up

1. Purpose of the Project

Cinquantaduepiudue is a global initiative designed to connect people, jam organizers and brands interested in supporting community-based events in the fields of cardistry. Our goal with this project is to provide a transparent and flexible sponsorship matching system that encourages people to organize meetups and brands to be present in the community. This system is open to everyone, from small crews to individuals, and likewise, from small brands to large ones

2. How It Works

a. For Jam Organizers

Organizers fill out a dedicated form including detailed information about their event:

- Date, time, and location
- Expected number of participants
- Cardists expertise
- What kind of sponsorship they are looking for
- Any special notes or requests

Once the form is submitted, they receive a confirmation email with a summary of their submission.

b. For Brands

Brands fill out a partnership formwhere they can indicate:

- Whether they’re open to sponsoring events
- What type of events or formats interest them
- Target regions or communities
- Any restrictions or sponsorship terms

Every time a new jam aligns with their profile, they are notified by email.

3. Matching Process

We will compare the preferences and criteria of both sides.

When a match occurs:

- The brand receives a PDF document containing all the jam details.

After receiving the PDF:

- If the brand is interested:

→They check "Open to sponsorship", sign the file, and return it.
→The jam organizer will be notified and can move forward with the brand directly.

- If the brand is not interested:

→They check "Not open to sponsorship", sign the file, and return it.
→We'll move forward by looking for another brand. If we can't find one, we'll inform the jam organizer in time.

4. What We Don’t Do

Cinquantaduepiudue does not:

- Handle payments, shipping, or logistics between organizers and brands.
- Charge any commission or fee for matches.
- Guarantee sponsorship approval or availability.
- Create contracts, this is up to the two parties involved.

We simply facilitate the connection.

5. Data Usage and Privacy

- The data collected from both organizers and brands is used solely for the purpose of creating compatible matches.
- No personal data is sold, transferred, or shared outside of the intended connection.
- All information is stored securely and can be deleted upon request.

6. Attribution & Acknowledgement

All events sponsored through our system must publicly acknowledge the collaboration as follows:

powered by: @cinquantaduepiudue
sponsored by: @brandname
